PROFILE SUMMARY

Frontend Developer (Fresher) with hands-on experience in HTML5, CSS3, JavaScript, and React.js, and currently pursuing MERN Stack training. Built and deployed 4 live web applications with responsive, cross-browser-compatible UIs. Quick learner, detail-oriented, and passionate about clean, maintainable front-end code.

TECHNICAL SKILLS

- Core: HTML5, CSS3, JavaScript (ES6 basics)
- Frameworks/Libraries: React.js (used in GlowNest & Dream Wedding projects)
- Responsive Design: CSS Media Queries, Mobile-First Layouts, Flexbox/Grid
- Tools: Git, GitHub, VS Code, Netlify
- Currently Learning (MERN Stack): Node.js, Express.js, MongoDB

PROJECTS

GlowNest — Salon Booking Platform

React.js, JavaScript, CSS, HTML

Source: github.com/dimpal-29/GlowNest | Live: sprightly-hummingbird-7c3b88.netlify.app/

- Developed a responsive salon platform enabling service discovery and online booking for customers
- Implemented user authentication, service/package browsing, checkout, feedback, and booking history
- Built an admin dashboard to manage users, services, packages, bookings, and customer feedback

Dream Wedding — Wedding Event Management Platform

React.js, JavaScript, CSS, HTML, JSON Server

Source: github.com/dimpal-29/Dream_Wedding | Live: wonderful-sawine-0f3429.netlify.app/

- Built a wedding event management platform for service discovery, booking, and vendor coordination
- Implemented user registration/login, package selection, booking management, and event details
- Developed vendor and admin workflows including task assignment, status tracking, and vendor responses

NutriCare — Health & Wellness Product Platform

HTML, CSS, JavaScript

Source: github.com/dimpal-29/NutriCare | Live: sprightly-fudge-3db80f.netlify.app/

- Developed a responsive platform to help users discover suitable fruits and herbal products based on health needs
- Implemented product recommendations, BMI calculation, product details, and user registration/login
- Designed a structured, user-friendly interface with client-side data handling

Personal Portfolio Website

Source: github.com/dimpal-29/portfolio

- Designed and developed a personal portfolio to showcase projects and skills
- Implemented responsive layout using CSS media queries across devices
- Ensured consistent design and cross-browser compatibility
